TITLE: Student Support Specialist

HOURS OF SERVICE: 8:00 am to 4:30 pm, M – F with some evening and weekend hours

SITE DESCRIPTION: Madison Elementary School is located in a southeast neighborhood of Olympia. Olympia is the capital city of Washington and is located at the southern tip of the Puget Sound. One of the smallest schools in our school district, we serve 225 students in Preschool through 5th grade. Most students come from low income families (53% qualify for free or reduced meals). The primary homeless shelter for families is also located in our neighborhood and the mobility of our students is significant. With students coming and going throughout the school year it is important that we make sure everyone who walks through the door is made to feel welcome. We are a very community oriented school and celebrate the partnerships we have with a variety of local programs and community agencies.

SERVICE DESCRIPTION: The AmeriCorps member will academically support students by tutoring them in one-to-one and small group settings before, during and afterschool. They will also help students play more successfully by offering organized activities during alternative recesses and after-school programs. Additionally, the AmeriCorps member will mentor older students and help them develop leadership skills by guiding them towards service learning projects so that the students recognize that we give back to our school and our community. The AmeriCorps member will work closely with another on site AmeriCorps member whose purpose will be to provide family involvement activities throughout the year. In tandem, these two AmeriCorps members will impact significantly the lives of students and their families through school and community support.
