# Who?

Young Adult Housing at Community Youth Services provides a place to live and intensive case management for homeless teens and young adults 18 to 24. The goal is to learn to live independently.

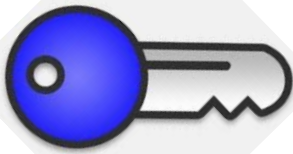

Within Young Adult Housing are four distinct programs serving different populations; each has goals, eligibility rules, defined length of stay and outcomes. When someone applies, staff assess needs, strengths and goals to determine the best fit.

Graduation from the program may be anytime after six months, when goals to live independently have been met. Follow-up support continues for six months to one year.
